**1** Currently, more than 90% of kids in Georgia don't abuse prescription drugs; let's keep it that way! While that's encouraging, 2,750 students still abuse Rx drugs. Here's what you can do to help keep Georgia kids free from prescription drug abuse: create a 30 second video to encourage your peers to live a healthy lifestyle by rejecting prescription drug abuse. The video should promote prevention and awareness.

Upload your video to YouTube and complete the form at [law.ga.gov/videocontest](http://law.ga.gov/videocontest). Follow the guidelines:

- Must be a Georgia high school student to participate
- PSA must be no longer than 30 seconds
- Content must be original and completely created by students. Visit [law.ga.gov](http://law.ga.gov) for additional guidelines.
